“ Chris was such a sweetie and would do anything for her friends. As everyone knows, Chris was accident prone. My favorite Chris story was when she was banned from playground one year in grade school due to the fact that she hurt herself many times. She had to stay in class and read while her classmates were outside playing. She said it was actually a good thing because she become a proficient reader. It's so hard for me to believe that she is gone, I will think of her often. My sympathy goes out to her family,
